The data presented here is experimental. It is based on a limited sample of the research output in Economics and Finance. Only material catalogued in [RePEc](#) is considered. For any citation based criterion, only works that could be parsed by the [CitEc project](#) are considered. For any ranking of people, only those registered with the [RePEc Author Service](#) can be taken into account. And for rankings of institutions, only those listed in [IDEAS](#) and claimed as affiliation by the respective

rankings of institutions, only those listed in [EUIRC](#) and claimed as affiliation by the respective, registered authors can be measured. Thus, this list is by no means based on a complete sample. You can help making this more comprehensive by encouraging more publications to be listed ([instructions](#)) and more authors to register ([form](#)). For more details on the various rankings that are available as well for documentation, follow this [link](#).
